## GIANT SOAP BUBBLES

### Materials for the Wand

Two Sticks, Yarn, Scissors, Tape to tape the yarn to the sticks, Bucket to mix the bubbles in, Two Straws

### Soap Bubble Recipe

12 cups water

1 cup dish soap

2 tbs baking powder (NOT baking soda)

### Directions

Place ingredients in a clean bowl or bucket.

Stir gently. Do not create bubble while stirring.

Lay the string in the soap mixture and make sure the yard is covered. (be careful not to tangle the yard around the sticks or itself)

Pull the string out and stretch it wide.

Slowly move to create the bubble. (slow movements seemed to work best)
